

Start procedure

Hired SIAC cards distribution

The start procedure will be managed according to what's written in the bulletin (official releases the competitor by taking his/her hand off the competitor's shoulder).

Distribution of hired SIAC cards: those who have a question mark in place of their SI number will get their SIAC card when entering the Sprint Qualification quarantine – attached to their start number. A receipt must be signed. The competitors have to run with the assigned SIAC cards.
